WORK EXPERIENCE

UX Design Consultant

Make America Dinner Again — *April 2020*

User research project
- Conducted user research through interviews and surveys
- Synthesized qualitative data to guide a desktop prototype design
- Assessed usability of desktop prototype

UX Design Apprentice

General Assembly — *Jan - Apr 2020*

Concept projects
- Developed a Kizomba dance queuing and pairing mobile application inspired by insights from interviews, field analysis, and comparative data
- Conducted heuristic evaluation and restructured the information architecture for a local shop's site to streamline e-commerce experience
- Followed Twitter's brand guidelines to create "Pro-Tweets" to improve public conversation and spread awareness amidst Covid-19

Portfolio design
- Designed and wireframed personal portfolio
- Co-operated with an engineer to deploy portfolio using Github Pages

Registered Nurse, Unit Team Leader

Mount Sinai Beth Israel, Cardiac Tele/Stroke Unit — *Nov 2009 - Jul 2019*

Staff nurse, Unit team lead, Policy/procedure committee member
- Redesigned information boards and patient data collection forms
- Researched up-to-date practices with P/P committee
- Led team of 14 nurses and support staff through 12 hour day shifts

ABOUT ME

Known for my energy and enthusiasm, my background in healthcare gives me a great foundation to bring my passion for helping people to UX Design.

I am no stranger to hard work and adaptability and am valued for my compassion, creativity, and leadership skills.

When I'm not in my creative space, you can find me gaming with family and friends, practicing calligraphy, or running and cycling.
